

Library Telescope Program

You can borrow an easy-to-use quality telescope just as you would a book!

☾ The telescope, an *Orion 4.5 inch StarBlast Reflector*, is a quality instrument that is...

- ★ User-friendly
- ★ Portable and lightweight
- ★ Equipped with quality optics and zoom eyepiece
- ★ Easy to use
- ★ Comes with easy to understand user instructions

☾ **Check it out, take it home!**

- ★ Must be 18 or older or have a parent or guardian present
- ★ Easy to carry
- ★ Secure on a car's seat using a seat belt
- ★ Set on a sturdy table

☾ **Special Zoom Eyepiece**

- ★ Between 19–56x magnification
- ★ Change magnification by rotating the barrel

☾ **Powerful enough to see**

- ★ Craters on the Moon
- ★ The crescent of Venus
- ★ The four Galilean moons of Jupiter
- ★ The rings of Saturn
- ★ Star clusters and nebulae

Did You Know?

Over 500 libraries in 44 states have a Library Telescope Program
